

## KEPIC 해석서 : MN-I-157

(승인일자 : 2020. 7. 24)

**제 목 : ‘발전사업자(Owner)’에 ‘연구용  
원자로 사업자’ 포함 여부**

### 질의

KEPIC-XNA에서 언급하는 ‘발전사업자(Owner)’  
에 ‘연구용 원자로 사업자’도 포함하나요?

### 답변

예. KEPIC 개발 당시 참조표준의 “Owner”를 국  
내 실정에 맞게 “발전사업자”로 용어 정의하였습니  
다. 따라서 연구용 원자로 사업자도 참조표준의  
“Owner”에 해당하므로 “발전사업자”에 포함됩니  
다.

## KEPIC Interpretation : MN-I-157

(Date of approval : July 24, 2020)

**Subject : Applicability of Definition of the  
‘Owner’ defined in KEPIC-XNA to the  
Construction and/or Operation of  
Research Reactor**

### Inquiry :

Is the ‘Owner’ defined in KEPIC-XNA deemed to  
include the organization intending to construct and/or  
operate a research reactor?

### Reply :

Yes. The term ‘Owner’ defined in the reference  
standard as the organization legally responsible for  
construction and/or operation of nuclear facilities, was  
described as the ‘owners of power plants’ in  
KEPIC-XNA in consideration of domestic situation at  
the time of KEPIC development.

Therefore, the owners of research reactors are also  
included in the ‘owners of power plants’ in  
KEPIC-XNA as they correspond to the ‘Owner’ of  
the reference standard.
